

WaspLabeler & Barcode Maker for Office

BARCODING SOLUTIONS FOR OFFICE

Productivity Solutions for Small Businesses

WaspLabeler & Barcode Maker for Office is a complete barcode and label creation solution, geared to improve efficiency and accuracy for small to medium-sized businesses. Easy to use and learn, WaspLabeler & Barcode Maker for Office provide users without any previous experience using barcodes the tools needed to design, generate, and print barcoded information while seamlessly integrating with Microsoft Office® applications.

Quickly design standard or customized barcodes for use as product barcode labels, inventory labels, product scan sheets, or other printed barcode labels with WaspLabeler +2D. Easily use Wasp Barcode Maker in Microsoft Word® or Microsoft Excel® to create barcode invoices or other documents with barcodes.

Don't know which barcode label solution to pick? Easily decide which version is right.
