Wasp
BARCODE TECHNOLOGIES

MobileAsset.EDU
Asset Tracking Solutions for Education

Looking for a more efficient way to track your school's valuable assets?

Wasp Barcode Technologies

MobileAsset.EDU

Easily track your school's administrative and technology assets, including computers, furniture, media equipment, tools, files, and vehicles with Wasp MobileAsset.EDU. By allowing you to instantly locate any asset, MobileAsset.EDU eliminates wasted time spent looking for lost or missing assets and reduces the unnecessary expense of replacing equipment.

Managing your school's assets is simple and efficient. MobileAsset.EDU captures important information about each asset, including location, funding details, check-in and check-out status with due-dates, maintenance schedule, and transactional history. Warranty contracts, user manuals, photos, and other important documentation can be attached to asset records for quick reference. Manage your assets anywhere by purchasing a license to use your existing iPhone, iPad or Android device and then download the MobileAsset App from the App Store or from Google Play.
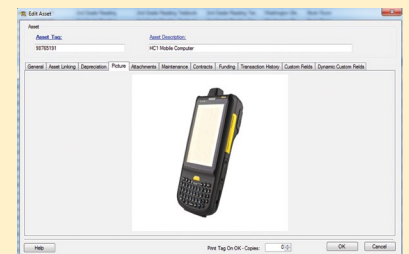

MobileAsset.EDU offers advanced asset management features in an intuitive, easy-to-use interface with the ability to design the program's dashboard to display important notifications, charts & graphs, or abbreviated lists. Built-in tools like the Import Wizard make it effortless to import asset data from external sources. MobileAsset.EDU includes integrated barcode labeling software that allows you to design standard or customized asset tags quickly and conveniently. Instantly accessible management reports keep the data you need at your fingertips – from funding details, asset maintenance, and audit history to check-out records and depreciation.

MobileAsset.EDU is the ideal asset-management solution for:
• Individual schools (private or public)
• School districts
• Colleges and Universities

▶ Navigate MobileAsset using the intuitively-designed interface

▶ Attach photos or documents to an asset record for quick reference

▶ Includes full version of WaspLabeler

Rely on MobileAsset.EDU to help you manage your school's assets with ease.

MobileAsset App
Manage Assets from your iPhone, iPad, or Android Device

The MobileAsset App gives your school the flexibility to manage valuable assets from your existing iOS or Android device. Simply purchase a device license and then download the app from Google Play or the App Store. Use the App to complete common tasks, including asset creation, check-in and out, disposal, and audit. Sync your mobile device data anywhere with a network or cellular connection and update your MobileAsset.EDU database whenever you're away from the PC.

Features:

▶ Create new assets, locations, students, and more

▶ Check assets in or out

▶ Capture signatures during asset check-out and check-in

▶ Move, edit, or dispose an asset

▶ Record asset maintenance

▶ Attach pictures to new assets or to maintenance records

▶ Pin asset fields to speed transactions

▶ Complete an asset audit by location or by funding source

▶ Print receipts or asset tags via Bluetooth or Network connection

Benefits:

▶ Use your existing iPhone, iPad, or Android device

▶ Manage your assets on-the-go

▶ Update your database by syncing anywhere you have a network or cellular connection
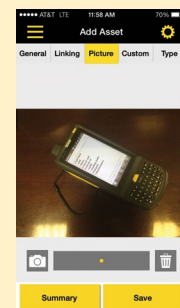

MobileAsset Mobile License

Non-Wasp Device/iOS/Android • Part Number: **633808927592**

▶ Sign in and sign out assets

▶ Easy-to-navigate design

▶ Take pictures for easy reference
